IEEE SECTION AUSTRIA IS SUPPORTING STUDENT ACTIVITIES

The IEEE Austria Section is supporting students in enhancing their career and setup innovative events together with their study colleagues by offering two award programmes specifically designed for them. The **IEEE Austria Student Mobility and Conference Grant** support section student members to participate at conferences, workshops and other educational activities in the fields of IEEE and related. The goal is to assist applicants to advance their education, make international contacts and gain additional experience. Deadlines for submissions are 1st of February, 1st of June and 1st of September each year.

The IEEE Austria Student Branch Award encourages innovative new concepts applied by the Student Branches and activities or events creating positive impact for students. If students created some cool new events or did something special they can contact the local student branch or the student branch coordinator . They will be happy to integrate their efforts and apply in one of the categories of the Student Branch Award.

Deadline for submission is the 15th of September .

CONFERENCES

COBCOM

3rd International Conference on Broadband Communications for Next Generation
Networks and Multimedia Applications

From Tuesday, 7. July 2020

To Thursday, 9. July 2020

Location: Graz University of Technology, Austria

Through its technical program, the CoBCom 2020 conference will provide again an opportunity for the academic and industrial communities to address new research challenges, share solutions and discuss issues in information and communication technology (ICT) referring to modern telecommunications.

Joint Austrian Computer Vision and Robotics Workshop

From Thursday, 17. September 2020 - 08:00

To Friday, 18. September 2020 - 17:00

Location: Graz University of Technology, Austria

The joint workshop aims at further fostering collaboration of Austria's Computer Vision and Robotics communities and of discussing emerging topics in both fields. We look forward to the presentation and discussion of recent research as well as current projects from the Austrian Computer Vision and Robotics communities.

EMV FACHTAGUNG 2020

From Wednesday, 30. September 2020

To Thursday, 1. October 2020

Location: Seibersdorf Labor GmbH, Seibersdorf

Unter dem Motto „Verschoben ist nicht aufgehoben“ werden wird das für Sie vorbereitete Programm mit Vorträgen, Workshops, Poster-Session und einer Fachausstellung vom Frühjahr in den Herbst verlegen. Auch unser EMV-Einführungsseminar (29. September 2020), das einen praxisnahen Überblick zum Thema Elektromagnetische Verträglichkeit geben soll, wird nun im Herbst stattfinden.

Die EMV-Fachtagung hat sich zu einem jährlichen Fixpunkt für den Erfahrungs- und Gedankenaustausch innerhalb der EMV-Community entwickelt. Die EMV-Fachtagung dient der Vermittlung von praxisrelevanten EMV-Kenntnissen und der Information über Innovationen und Neuerungen innerhalb der Branche. Die Fachtagung wird im Zweijahresrhythmus abwechselnd von der Seibersdorf Labor GmbH und der TU Graz organisiert.

IEEE ISPCS 2020

International IEEE International Symposium on Precision Clock Synchronization for
Measurement, Control, and Communication

From Sunday, 4. October 2020

To Friday, 9. October 2020

Location: FH Technikum Wien, Höchstädtpl. 6, Vienna, Austria

The objective of the symposium, to be held in Vienna, Austria, is to provide a forum for researchers and practitioners from industry, academia, national laboratories and government involved in the area of precision clock synchronization and distributed time-based applications.

2020 INTERNATIONAL CONFERENCE ON ENGINEERING MANAGEMENT OF COMMUNICATION AND TECHNOLOGY (EMCTECH)

From Tuesday, 20. October 2020

To Thursday, 22. October 2020

Location: Springer Schloessl, Vienna, Austria

IEEE TEMS Conference will be featured in the plenary sessions with a dedicated day of the conference. We invite contributions from researchers, educators, managers, and students.

Contributions may be conceptual, theoretical, or empirical. They should document research activity, case studies or best practices, shedding light on the theory or practice of engineering, technology, innovation management, or development of personal skills. Technology papers are welcome focusing on the directions of technology that would be applied to business development and entrepreneurship.

Human-Friendly Robotics 2020

From Thursday, 22. October 2020

To Friday, 23. October 2020

Location: University of Innsbruck, Austria

The objective of the workshop is to bring together academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects related to the introduction of robots into everyday life. The workshop covers a wide range of topics related to human-robot interaction, both physical and cognitive, including theories, methodologies, technologies, empirical and experimental studies.
